## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The indicated allowability of claims 15-21 and 34-40 is withdrawn in view of the recapture rejection that follows.

### ***Reissue Applications***

2. Claims 15-21 and 34-40 are rejected under 35 U.S.C. 251 as being an improper recapture of broadened claimed subject matter surrendered in the application for the patent upon which the present reissue is based. See *Hester Industries, Inc. v. Stein, Inc.*, 142 F.3d 1472, 46 USPQ2d 1641 (Fed. Cir. 1998); *In re Clement*, 131 F.3d 1464, 45 USPQ2d 1161 (Fed. Cir. 1997); *Ball Corp. v. United States*, 729 F.2d 1429, 1436, 221 USPQ 289, 295 (Fed. Cir. 1984). A broadening aspect is present in the reissue, which was not present in the application for patent. The record of the application for the patent shows that the broadening aspect (in the reissue) relates to subject matter that applicant previously surrendered during the prosecution of the application. Accordingly, the narrow scope of the claims in the patent was not an error within the meaning of 35 U.S.C. 251, and the broader scope surrendered in the application for the patent cannot be recaptured by the filing of the present reissue application.

In response to the rejection in Paper number 4 of the Patent 5,968,560, applicant amended claim 1 of the Patent to include "two half-molds respectively supported by two mold carriers which are made in the form of enveloping structures". Applicant then argues on page 7 of the Amendment (paper number 6 of the Patented file) that "neither Appel nor Schavoir teach or suggest a device including a three-part structure, i.e.,

including –an enveloping mold carrier, a shell holder and a shell”. Claims 15, 35, 36, 39 and all claims dependent thereon lack the structure “two mold carriers which are made in the form of enveloping structures”. Applicant must amend claims 15, 35, 36 and 39 to include the limitation surrendered in claim 1 of the Patent.

3. Applicant is notified that any subsequent amendment to the specification and/or claims must comply with 37 CFR 1.173(b).

4. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed if any further amendments are made in this application.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

“Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant.”
